Chris Sleeper Wins Top Prize At Awards Fest

CHRISTOPHER SLEEPER was named 23rd recipient of the A. Russell Buchanan Award as the Outstanding Graduating Senior in History and Hubert Dubrulle (Gollin) won the Rick Mayberry Award as the Outstanding Graduate Student at the Department's annual Awards Ceremony on May 22.

A member of the Senior Honors Seminar, Sleeper was chosen from a field of six finalists interviewed by the Undergraduate Prizes Committee.

"He stood out for all of us among a very strong field," said Committee Chair Mary Furner. "Full of excitement about his research, and utterly convincing about the ways that History has transformed him for the better."

The William H. Ellison Prize for best paper by a graduate student went to Elizabeth Digeser for her paper on "Lactantius, Constantine, and the Question of Religious Toleration," written for Prof. Drake.

Another Drake student, Jason Moralee, won the Stuart Bernath Prize

Beth Digeser's Dissertation Gets Lancaster Prize

BY SARAH CLINE

FOR ELIZABETH DIGESER, this has been — to put it mildly — a good year.

It began with an NEH Dissertation Fellowship. Beth was one of only 40 graduate students nationwide to be selected, out of almost 800 applicants.

Then the dissertation Beth produced on that grant, "Lactantius, Constantine and the Roman *res publica*," won UCSB's Louis and Winifred Lancaster Award as the outstanding dissertation in this year's field of competition, which in-

for best undergraduate paper with a study of "The Cursed Stomach: Diet and the Construction of Holiness in Late Antique Syria."

The Philip Powell Prize for the outstanding graduate student in Latin American history went to Monica Orozco (Cline), and Betsy Homsher (Plane) won the Wilbur Jacobs Prize for outstanding graduate student in U. S. Colonial history.

The Robert L. Kelley Award for achievement in the fields of U.S. intellectual history, history of public policy or public history went to Bob Bauman (Kalman).

Deborah Gerish (Hollister), won the J. Bruce Anderson Award for innovative teaching, and Laura Wertheimer (Farmer) won the Esme Frost Fellowship for research in pre-modern European history.

Senior John Renehan, outgoing president of the Phi Alpha Theta history honorary, won the Dick Cook Memorial Fellowship for outstanding service.

Associates To End Year With Talk On Wharf

SANTA BARBARA'S most durable landmark will be the subject of the final History Associates luncheon-lecture series of the 1995-96 season when a team of UCSB graduate students present an illustrated history of Stearns Wharf at noon of Wednesday, June 5.

The presentation by Douglas W. Dodd, Victor W. Geraci and Fermina Brel Murray will be based on their book, *Stearns Wharf: Surviving Change on the California Coast*, the product of a team research seminar directed by Prof. Otis L. Graham, Jr.

The program substitutes for a wine country tour that had been scheduled to coincide with the debut of a new study of that topic by the UCSB Public History program. Delay in publication of that study forced the switch, according to Associates President Cathy Rudolph.

Although it is now a leading tourist attraction, Stearns Wharf long was an eyesore that came close to destruction more than once during its 120-year history.

Appropriately enough, the luncheon will be held at The Harbor Restaurant on Stearns Wharf. Reservations at \$14 for members and \$16 for non-members may be made by telephoning the UCSB Office of Community Relations, (805) 893-4388.

cluded all the humanities and fine arts disciplines.

No sooner had she learned of this honor than Beth was informed that she had been selected from a highly competitive field to deliver the student address at this year's Graduate Commencement.

In between these awards, Beth accepted a tenure-track position at St. Norbert's College in Wisconsin, only to learn a few weeks later that she had won a Mellon Postdoctoral Dellowship at Cornell. (St. Norbert's gave her a leave of absence to accept it.)

Not bad for someone who thought she was going to be an experimental psychologist.

It was only after taking an MA in that subject at Johns Hopkins and working in the corporate world—first at Blue Cross/Blue Shield of Maryland, and then as a manager overseeing microcomputer training at Maryland National Bank—that Beth came to the study of history at UCSB.

Hal Drake's upper division Roman History course introduced Beth to the dynamic relationship between Christian and pagan scholarship. From there, it was only a matter of time before she settled on the writings of the Christian rhetorician Lactantius, who became tutor to the son of Constantine the Great.

In Lactantius's work, Digeser found rich material for understanding the major shift from pagan to Christian that occurred during Constantine's reign.

"Beth's approach is utterly novel," says mentor Drake.

Elizabeth Digeser

"It will be a major step away from the 'conflict' model that still influences a great deal of study of Christian-pagan relations in the fourth century, and it will expand our understanding of the common ground between traditional belief and the new faith."

As for what it was like to have Beth as a student, Drake says, "All I had to do was sit back and admire."

As winner of the UCSB award, Beth's dissertation will become UCSB's entry in the 1996 Council of Graduate Schools/University Microfilms International (CGS/UMI) nationwide competition.

The Lancaster dissertation competition rotates among four fields, in conjunction with the CGS/UMI national competition. The other fields are: biological sciences, social sciences, and mathematical/physical sciences/engineering. The last time the humanities and fine arts was the field of competition at UCSB in 1992, the winner was also from history: Jeno Michael Burger.

President's Corner

We Did It!

I am very pleased to report that the \$6,000 gauntlet tossed down by Jo Beth and Don Van Gelderen last Fall has been met, thanks to all our members who so readily replied to the Van Gelderens's challenge.

With an additional \$5,000 grant from the UCSB Graduate Division and income from endowed funds, we are able to award in excess of \$20,000 in fellowship and scholarship funds to UCSB History graduate and undergraduate students this year—and still retain a small fund for emergency appropriations during the coming year.

Aiding worthy students (and again this year, the nominees for assistance were all outstanding) is, after all, the real reason for History Associates. On behalf of everyone on the Board, I thank you for recognizing that and responding so generously to our appeal—and, of course, the Van Gelderens for providing such a generous "spur" to keep us going.

Serving these past two years as President of the Associates has been a most rewarding experience for me—as well as a learning experience of the first order.

The enthusiasm, support and willingness of the Board to try new ideas and to help implement them has been a tremendous boon. Thank you all.

I'm sure the entire Board will forgive me—and join me—if I single out two Board members for special thanks. Hal Drake and Luke Roberts have been tireless in their efforts to produce a newsletter which is relevant and interesting. Always open to suggestions and new ideas, they have succeeded admirably; each issue of *Historia* has surpassed in excellence the one preceding it. Thank you, fellows, for a job well done—and much appreciated!

Again on behalf of the Associates Board, I congratulate the UCSB History students who are graduating or completing advanced degrees, extend to you an invitation to become an Associate and wish you continued success and prosperity in the years ahead. We wish all Associates a relaxing, refreshing summer, and look forward to seeing you all again next Fall.
